A Note From The Yearbook Captains

When flipping through the pages of a Yearbook, few stop to think about how much work goes into its production. With a seven-member team, so much credit should be given to every member - Maggie, Dara, Ashley, Valerie & Brock - for creating an everlasting time capsule for the '22-'23 academic year. Without their willingness to do hard work and learn new skills, this book would not have been the best Brentwood has seen.

This year, we decided to take a twist with the creativity of the yearbook, throwing as much of our personalities into it as we could, while still making sure it meets Brentwood's tradition of high standards. This was not an easy feat.

Without Ms Rusman's impeccable graphic design abilities, we could not have had our vision come to life. She is an editing genius and words cannot express how grateful we are to have her on our team. And, we couldn't have had a better person running the show than Mr Ganley. His witty comments, passion for captions, organization, photography, and, most of all, patience, is the reason for this yearbook's success. Even as our email boxes are constantly filled by him with new updates and insider information, he leads us forward to ensure that we are proud of the book we create.

One huge thank you to Mr Ganley, Ms Rusman, every member of the Yearbook team, and all of our future readers. Enjoy!

See you all soon in the Term 3 Summer Supplement.

Grade 9 Rugby

The Grade 8-9 Rugby team had another successful season. We normally call the team The Grade 9s, but this year, on account of eight Grade 8 players, we had to re-brand. The team was composed almost entirely of out-and-out newbies, so the aim of the season was to have fun and introduce players to the basic ideas of the game: to work hard, support your teammates, and always (always!) go forward.

Several players were revelations: Bowen Calder found in himself a knack for tackling, and by season end was our best defender; Tee Thamrongnawasawat was a slippery stepper who left defenders grasping at air; Brandon Romano was a powerful ball runner with a nose for the line; Grady Norris was a ruthless player on both sides of the ball with a street-brawler's attitude; and Fraser Leith, long and rangy, was a menace at the breakdown and in the loose.

Special mention should be made for Rudolf Kruger, the best player from Brentwood at this level for some time; he scored countless tries, many from deep, and his defensive mettle warmed our hearts. Against St George's, he made 26 tackles in a shortened game, a feat this coach has never seen. The future of Brentwood rugby is looking strong.

Sr. Boys Soccer

Five seasons, 20 months, & 87 weeks of Brentwood Soccer came to a devastating end for Avik Bakshi, Thomas MacDonald, Jai Singh, Youki Imai, Joffre Decore, Anton Spinelli, Brian Ekwen, Dylan Gage, Simon Gillespie & Davis Pettit on a snowy Tuesday in November.

We desperately needed to defeat GNS in order to punch a ticket to provincials. Unfortunately, with a 2-0 loss, the defending AA Boys Coastal Provincial Champions were empty-handed.

The journey to provincials didn't start at UVic; it had begun in August when a squad of dedicated players returned early to prepare for the season. When we all returned from summer, tryouts & training began. We were undefeated, beating every team in the league, including Gulf Islands Secondary School, whom we beat 5-4 in a thrilling Showcase. The first real challenge the team faced would be at North Islands; two days of bone-chilling wind & rain, muddy fields, & the team's first loss, in the final to GISS, in penalties. Although disappointment was the first emotion felt, we were going to the Islands - and we had a chip on our shoulders.

We played SMUS & battled through rain, wind, snow. After a 1-1 draw, we were set to play the Provincial runners-up, a team that had beaten us in last year's Islands, Carihi High. Once again, fighting the elements, playing some of the best football UVic has ever been graced with, the scoreboard read 2-2. We were in a do-or-die situation. We needed to win against GNS in order to have a chance at going to the Provincials, & unfortunately, we were left with heartbreak. No chance to defend our title.

Although things didn't go the way we planned, this season was not one of disappointment or bitterness, it was one of growth & connection. The 12s will never get to play together under the Brentwood emblem again, & all of us played with heart & gave absolutely everything we had. We started the season as teammates, but ended it as brothers, with none of us playing for ourselves, but rather, playing for each other.

Jai Singh, Captain, Rogers '23

(Back row) Mr Toby Collis Handford, Jackson Lenarcic, Julian Bishop, Matson Waring, Isaac Koontz, Arist Freiherr von Dellingshausen, Moritz Stahl, Temi Sapara, Jan Jessen, Peter Dryden, Nicolas Delesalle, Ludwig Klestil, Tomaz Lawson Forbes, Justin Shao, Mr. Paul Collis (next row) Jayden Ng, Manuel Pizarro Macias, Santiago De La Vega Lopez, Isaac Ryan, Jack Shortis, Shunsuke Nakatani, Youto Imai, Ryder Rusman, Abigail Gairns-Guillo & Georg Woernel.

JR BOYS SOCCER

The Junior Soccer program had a successful season this year, earning two titles and one heartbreak.

We had a strong start, going undefeated in the ISA Tournament and winning the gold medal thanks to two crucial goals from Japanese legend Youto Imai and an assist from Tomaz Forbes, our midfield maestro, to put the cherry on top. We didn't meet any challenging opponents during the first three league games and boasted scores like 10-0 and 9-1.

To go to the Island Championships in Victoria, we had to win our most difficult match away to Kelsey. They scored early on, but we knew that we wanted that game more than they did and we bounced right back and beat them 6-1 with a magnificent goal from Ryder Russman off our set play “Let Harold Take It.”
After going unbeaten in the league, we entered the Islands with our tails wagging and our heads held high. Soccer academy Royal Bay scored in the first few minutes of our first game: a rude awakening, but we battled hard and were able to get a goal for ourselves in the second half. Then Co-Captains Peter Dryden and Matson Waring led the team to victories against Port Alberni and SMUS, putting us top of the group and earning us a spot in the finals.

Brentwood had only made the Junior Islands finals twice before, so we were expecting a tough game. That's exactly what we got. Claremont won the first half 4-0 with a striker we just could not cope with, and that ended up being the final result despite our whole squad working tirelessly to scratch a goal back.
I certainly enjoyed watching this team grow and develop together with new players coming from all around the world and only having a few months to start playing together. The atmosphere was fantastic and the boys never stopped working: can’t wait for next season.

SENIOR A VOLLEYBALL

This team's season was one for the books. The first season back without COVID restrictions, and with girls from grades 10-12, meant the team felt like a family, and it was a pleasure to Captain them.

Our season had many highlights complemented by gold medals brought back to Brentwood. The season started with domination during our Showcase game - the first significant volleyball showcase since COVID - with help from a light show, smoke machine, and lively fan base packed into the Foote stands.

The winning streak continued as we went on to win North Islands on our home court in an epic 4-match game against Kwalikum, setting us up as the number one seed going into Islands. The team then had a defining victory against the home team, Barsby, to bring home the Island gold medal, a large trophy, and a berth at the Provincial Championships.

Our team dynamic this season was unstoppable as we supported each other on and off the court and never let the lows get too low. The bench cheered their hearts out for the teammates on the court. Our 8-hour trip to Provincials in Merritt only made us closer as there is only so much you can do when you're stuck on a bus for so long. We had a fantastic first day of competition, but a heartbreaking 2-point loss against Mulgrave in the 5th set prevented us from advancing to the semifinals. Although we did not get the results we wanted at Provincials, we played some of our best volleyball all season, and the team felt like one.

We could not be more proud of our team for making it so far and displaying our fighting attitude. And we would not have made it anywhere without our amazing coaches forcing us to do hilarious bonding exercises and pushing us to be the best we could be. It was an honor for us to be Captains this year, and we wish the volleyball program the best of luck in the coming years!

SENIOR B VOLLEYBALL

Volleyball at Brentwood is one of the most popular first-term sports for girls. This year's numbers eclipsed previous years amongst both new and old students, and spanning all skill levels. No matter what team one ends up on, Brentwood's volleyball coaches make sure that no one feels intimidated or scared that their skills or lack thereof will go unappreciated; they ensure there is a spot for everyone.

Although not as experienced, skilled or "cutthroat" as Brentwood's esteemed Varsity Team, the Senior B team displayed plenty of "Grit and Joy", concepts that the Brentwood community lives and thrives upon. We played in the A league of the local Cowichan Valley Volleyball Association where we came away with an impressive record.
As the season progressed, we participated in the ISA (Independent School Association) Tournament where we came second in our pool and ended up placing 8th out of 16 teams. At the peak of the season, the team played in the Cowichan High School Invitational tournament against AA and AAA teams coming away with a fourth-place finish, narrowly missing the bronze medal.

Humble beginnings led to impressive improvements throughout the term. Even though the record does not show top-tier achievements, we took joy in the challenge of each game.
Our extremely affable and good-humoured coach, Ms Scheck, stated, "This team exemplified 'grit'. When the score was not in their favour, they would rally back and either win the points to finish the set or give way for a new set where they came out even stronger. It didn't matter who was on the court, the team played as a unit and were ready to take on any challenge."

Thank you to Ms Scheck's strong leadership and vibrancy and for consistently going above and beyond to unite us as a team and help us play in as many games as possible. Congratulations to the entire Senior B team on a highly successful and, more importantly, thoroughly enjoyable season.

JUNIOR A VOLLEYBALL

Determined, resilient, and optimistic, the Junior A Volleyball team worked together and ended the season with so much accomplished. “We went into the season not knowing what the team would bring or how the team would work, but I could not be more proud of the season they had.” remarked Coach April Barnes, Hope ‘16.

The majority of the team had little to no experience but with each tournament, no matter the competition, they continued to bring each other up, creating a powerful team dynamic. Team Co-Captain, Brynn Wenhardt, Mack ‘25 mentioned, “You could have put me on the court with any of those people and I would have been thrilled. I could fully trust them!”

The team’s hard work paid off in the season's results. “We ended the season as Island Champions and it couldn’t have been a more exciting term with a better group of girls” explained Co-Captian, Stella Pollock, Alex, ‘25.

Never getting discouraged and devoting so much to their season, the team should be incredibly proud of everything they have achieved this year.

CROSS COUNTRY

Cross Country running is an exhausting and strenuous sport, and the Brentwood team is no exception. Throughout the fall term, the team has gutted it out on long-distance runs, hill sprints, and interval speed training.

The team participated in all four events of the Cowichan Valley XC Series which are held at different scenic locations in the Cowichan Valley: Glenora Park, Bright Angel Park, Shawnigan Lake School, and Cobble Hill Mountain. The season was extremely successful, with the majority of the team placing in their categories and receiving ribbons. Students who competed in three races and served as a marshal in one earned the coveted "Completion" shirt.

Students who compete in the series are also ensured a berth at Islands in Port Alberni. The team endured a two hour bus ride, but managed to make some friends on the way, welcoming Frances Kelsey and Cowichan Secondary on the bus. After reaching the race location, we walked the course to mentally prepare for the hard race ahead: 2.9 km for Grade 8, 4.0 km for the Juniors, and 5.4 km for the Seniors. All stretched through a windy forest path, and then a long, dusty hill climb.

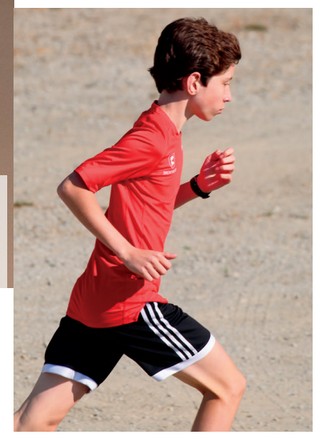

At Islands, the number of runners is far greater than at our qualifying meets; the competition changes from about 15 or 20 competitors in the local series to more than 100. This year was extra challenging, with sickness circulating at school, and many of our runners suffering injuries. Despite this, the runners pushed through the race. They ran their best, and persisted through the challenge, showing some real Brentwood grit, but came up just short of qualifying for Provincials.
After Islands, the team continued running, each week venturing to a different location around lower Vancouver Island. Whether it was running hill sprints in the rain at Manley Park or running up endless summits at Gowlland Tod Provincial Park, everyone continued to run hard and have fun.

Senior Boys Basketball

It all started in Spring League, where we got crushed by Barsby. Yes, that gave us some doubts, but the boys quickly got rid of those after a strong start to the year, beating perennial powerhouse St George's, ranked #4 in the province at 4A, to secure the coveted No Regrets Tournament.

The team then went California Dreamin over Winter Break, a trip filled with lots of bonding, and a little hoops as well. The highlight of the trip actually wasn't basketball, but the invention of back seat football, where players had to elude big hits to their QB. Avik Bakshi stated that his "smaller QB actually gave me an advantage, as it is more elusive and a smaller target for the pursuers".

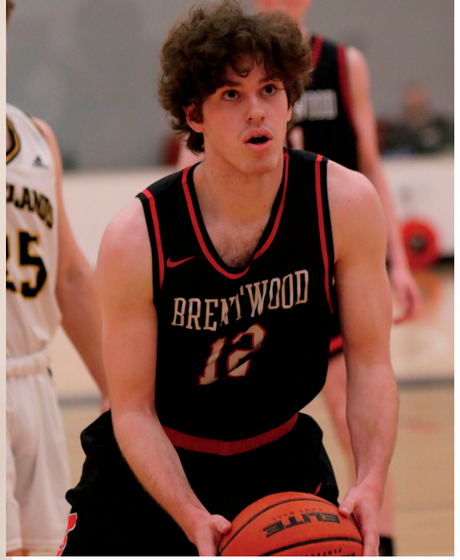

After this unforgettable trip, the home stretch of the season. After being shorthanded in their opening round loss of the Abby Snowball, reinforcements came the next day. The boys played terrifically and, with the win secured by the 3rd quarter, were able to have a nice dance party to Soulja Boy during the quarter break.

Then came #5 ranked 4A Kelowna. Behind a finishing masterclass by Nick Cholmsky and a 35 point triple double from yours truly, the boys prevailed. Before too long, it was playoff time. After beating GNS in the Island semifinal, we had secured a berth to Provincials, and a spot in the final. Milan Pasquale clearly still had a bad taste in his mouth from last year's final, and carried the boys to victory.

Then, what we had been preparing for all season: Provincials. After playing some of our best basketball of the year in the first three games, we saw ourselves in the Arena Bowl come Saturday, playing for the championship. Let's just say, I don't want to talk about that game.

The season was a great one, and I can't say that I've ever been with a team as tightly knit as this one. I will miss going to war with every single one of these guys, coaching staff included. I would rather come 2nd with them, than 1st with anyone else.

Senior Girls Basketball

A season full of ups and downs ... cliche, I know, but truly, a season like no other. 12 girls, two coaches, one goal in mind: Make History. The team hit the ground running. In league play, the squad was undefeated, winning all their games by 30+.

In the Victoria Police tournament, we beat 3A Clayton Heights and fell short to 4A Claremont and 2A Provincial runner-ups PCS. This was Co-Captain, Miranda NP's first moment of glory as she was awarded tournament All-Star. Next the gang hosted the Clyde Ogilvie Invitational winning against 4A and 3A teams. This was the birthplace of @bblballers - run by the team's 'Social Media Director' Peyton H, Hope '24. Used as a scrapbook for all our highlights (and lowlights), it was always guaranteed to get a - poorly disguised - chuckle out of Head Coach Ms Napier and Assistant Ms Cole.

The K-Face Tournament at Southridge highlighted the team's first trip to the Mainland along with more convincing wins over 2A and 3A Vancouver schools. Co-Captain Jensa NG, Mack '23 was awarded tournament All-Star, despite playing with a freshly sprained ankle and a broken finger. A few more accolades included a second-place finish at ISAs, falling short only to eventual 2A Provincial Champions and Mainland powerhouse, Mulgrave. The team also stashed a second-place finish at Islands under their belts. Jensa and Kionah W '27 were awarded First Team All-stars and Miranda the Defensive Player of the Tournament.

Provincials was a chance for more history to be made. Mission accomplished. After falling short by 6 to 5th ranked STMC, Brentwood proceeded to sweep their next three games, winning the consolation championships, resulting in Brentwood's highest finish ever (9th) in a Sr. Girls Basketball Provincial Championship. Miranda, Jensa, Kionah "the Kid" and Ruby M, Allard '25 all received POTG accolades.

But who remembers the scores? What we'll remember forever are the away trips, sleepovers, nicknames, morning activations, our amazing bench cheers (thanks Aysha and Sim), but mostly, the full-court-slays.

Co-Captain Jensa NG, Mack '23.

P.S. Congratulations on an exemplary season and special thanks to our graduates, Kiara J, Sylvia E, Amelie B, Sophie H and Beluchi O and to our Co-Captains and super-lifers Miranda NP and Jensa NG for their years of dedication to building this program, and to Ms Cole for her support and assistance...and for putting up with all of us this entire season! JUNIOR GIRLS BASKETBALL

As our hard-fought season comes to an end, it is time to celebrate everyone's last time stepping on the court as juniors. In the beginning, our team ranged from completely new to Brentwood, to trying out basketball for the first time, to having been committed to the program for two years, but no matter our differences in experience or skill, these past four months reflected our ability to come together, share our passion for basketball, and persevere - not just as a team, but as family.
Fresh off of Winter Break, we competed in the ISAs in Vancouver. We were a newly formed team, having only played a couple of games together, but our enthusiasm to get out there & face new opponents was what brought us home with bronze medals & new friendships.

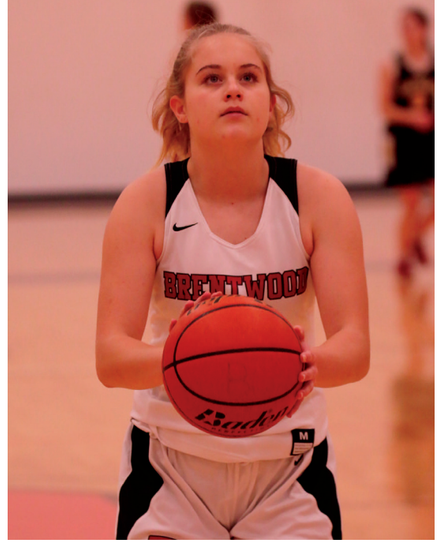

Near the end of January, we made our journey up Island to Isfeld. With a couple of teammates unable to attend due to injury, we kidnapped Grade 9s Katie James & Zoe Gage. The battle on the court was rough as we faced the home team. There were valuable learning opportunities as we came to realize the power of maintaining a positive mindset & use that knowledge to play what I believe were some of our best games of the season.

A milestone this year was qualifying for Islands as the previous Junior A teams were held back by COVID. Knowing these were our last couple of games, each girl gave it their all, fighting hard to the last second. We should be very proud to be ranked as one of the top ten Island teams. To conclude the term, we scrimmaged with the Junior B which was a wonderful opportunity to recognize everyone's growth over the season.

Thank you, Coaches Brown & Yang for yet another outstanding season. Words cannot describe how much impact you two made on my basketball game & personal growth as I finish two years under your wing. I almost forgive you guys for the extra suicide sprints.
I wish both coaches, along with Mr Gage & Ms Manton, the best as they continue to provide huge guidance for new Junior Girls teams to come. I can't wait to advance with this determined squad to represent Brentwood on the Senior Team next year.

Senior Ice Hockey

This year's hockey program made great strides to compete with determination against our opponents. Through the countless hours of practice and training our team put in, I could not be more proud to have been the Captain. Despite the challenges that we faced throughout the year, from injuries to tough losses, this team has never given up.

I am confident that the future of our hockey program is bright and will continue to grow and improve with each passing season. As the year comes to an end, I look back on the times that I have been a part of this program. Some of my greatest memories at this school come from being on the ice with people who share my passion for hockey.

As for my teammates from this year and past, I want to thank you all for being a part of this incredible journey. Although my hockey seasons are finished here at Brentwood, I wish next year's team all the best and I look forward to seeing what the future brings for you.

Sr. Boys Rugby

Rugby will always have pride of place in the Brentwood identity, and despite a heart-breaking loss in the Provincial finals last season and the graduation of much of that team, this year's contenders were full of hope and ambition.

The inexperience and step-up to senior rugby for many of the players showed in early fixtures, but a home match against a more seasoned Shawnigan side under blue skies on Gillespie Field in April changed all that, with the boys matching their much larger opponents in mettle and fizz before narrowly coming up short.

The team started to believe, come together as a group, and trust each other, resulting in some flowing rugby on route to victories up and down the Island. With another crack at provincials to come, this year's side now understand full well what it means to play for the Brentwood badge and the honor and pride of wearing the red and black.

Just like the many who came before us, on and on we go …

Girls Rugby

On or off the field, the spirit of the rugby community is with every player and, after last season, this is something the team expressed in their playing. As a large part of our team graduated, we started off with new players eager for the season ahead. We walked back onto the field this year with a goal in place: making it to Provincials.

We started the season strong with a win against Port Alberni, a hard loss, a close win, and another difficult defeat to Shawnigan, but each of these made us more capable. We moved forward learning to strengthen the skills we have and work on new skills to further improve our game and our spirit.

The losses allowed for prosperity in the future games, understanding that our trust and team connection was an important part of crossing into the try line. The more time the team spent together, it solidified our spirit and captured our desire to win.
With more to come and challenges to face, the team is ready, and with players returning from injuries we could not be more excited to welcome them back onto the field, thrilled with the energy they'll bring.

Only getting better from here, we hope this season will bring more people onto the pitch in years to come. On behalf of the team, thanks to the coaches for an amazing season.

Grade Eights

What a joy these amazing Grade 8 students are! Whether playing a game on Crooks Common during break, strumming together in music class, or learning to row and kayak in PE, the inquisitiveness and positive energy of these 8s is infectious. These twenty-two remarkable young people arrived at Brentwood in September, and quickly embraced each other and the tripartite program. They developed their character and academic skills in the classroom, in the gym, on the sports fields, and on the stage.

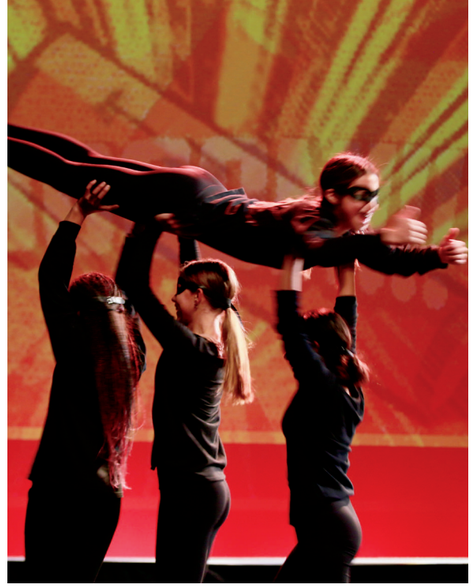

Who can forget the Grade 8 musical! They put on a wonderful presentation of Superman. These young actors who reluctantly began the process in September were proud of the end product as they received a standing ovation for their final show. Students continued to develop their artistic skills in visual art class, and in guitar and ukulele lessons.

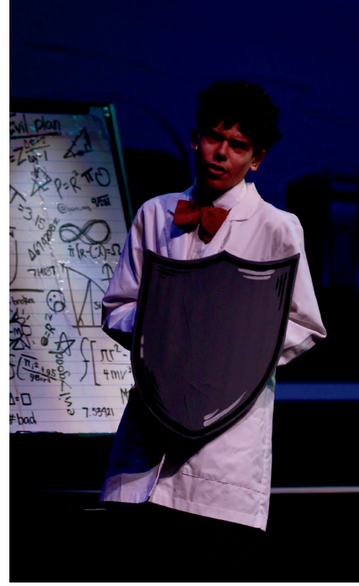

In addition to their artistic endeavours, students experienced a wide range of sports through their PE program and participated in hands-on science labs, creative inquiry projects, coding, sewing, car maintenance, and gardening lessons. These amazing 8s took their smiles and enthusiasm for experiential learning outdoors, too. A three-day introduction to each other and the Brentwood Campus started the year. We extended Winterlude to include an overnight experience with snowshoeing and avalanche preparation. A two-day camping and bike trip rounded out the year.

Yes, there were challenging days that included assignments, essays, tests, and homework. There were some days that seemed to go on forever. There were broken bones, sore muscles, and friendship struggles along the way. But, mostly, there were twenty-two exceptional, young people living our Grade 8 Program values: being kind, being inclusive, and working hard. Congratulations to the 2022-2023 Grade 8 Program cohort for a fantastic year!

Brentwood's FOUNDATION is rooted in the bedrock of our boarding houses

Mr Patel - Head of School

ALEXANDRA

Orientation began with 28 new members of Alex House. Somehow, all these different students fit into the house perfectly. The first term saw these additions forming great relationships with our returners to the point where it was hard to remember who was new and who wasn't. We bonded with Whittall, found great success in Interhouse events, and, slowly but surely, Alex House became home to all the students once more.

After the settling in of first term, second and third terms flew by. As the weather chilled, we found comfort in each other, and as it warmed up, we enjoyed it together. The emotions of the house ebbed and flowed but our community stayed strong. We enjoyed in-house breakfasts, sharing snacks in Big-Littles, and throwing the best open house. I would like to forget the rats.

Thank you to everyone who makes Alex House the wonderful home that it is. To the 9s who continue to be menaces, the 10s who are the middle children, the 11s who have big shoes to fill, and the 12s who never really figured out the Perfect thing. To the lovely duty staff who put up with our noise and visits during prep. To our BFAs, Ms Barnes and Ms Miller, who are always eager to hear what's going on with all of us. To Mrs Langer who gives the best advice while trying to get us to sleep - we all can't wait for the new addition to the Langer fam. To Mrs Warner who has continued to be the most incredible second mother anyone could ask for. All of you have brought so much comfort and joy to a place that will always hold a special place in our hearts.

Goodbye, Alex House. You have been my home for three years, the place I feel the most comfortable, the place with my second family. I learned so much here: how to destroy people at Just Dance and Mario Kart, how to form amazing connections with people, and how to care so deeply for so many. Thank you for some of the best years of my life.

Much Love, Sylvia Ejumabone, House Captain, Alex '23

ALLARD

Dear Allard House,

You are the best house. Allard mermaids are exemplary students who show our house values of being strong, caring & accepting. In my three years at Brentwood, I am thankful every day to have been placed in a house that truly felt like home. Life in Allard has never changed: from the long bathroom & kitchen talks, to panting in an attempt to make it up the three flights of stairs, to our random singing parties & our quirky but extraordinary culture of standing in the first position. The level of love Allard holds sets our house apart.

9s, never stop supporting & caring for one another. Continue to be a light to all of those around you & never stop playing Mario Kart. 10s, I have never met a group of harder-working women. Even as you all prepare to be seniors next year, never stop believing that you can do it all. 11s, all of you carry great excellence in everything you do. You are about to venture into rougher waters, but I do not doubt that you will all rise to the occasion. Finally, 12s. I could not have been more grateful to spend my final moments at Brentwood with you all. I am confident that we have left a lasting legacy in Allard & I can't wait to see what the future holds for all of us.

Lastly, thanks to all of the mentors for supporting us throughout our Brentwood journey. Foug, RenRen, Manton, Backland, Stevens, McPherson & Foreman, thank you for inspiring us every step of the way. We all hold the utmost respect for each of you. Papa Smith, Smithers, our second father. Your bread, singing, poems & ice cream have never failed to put a smile on all our faces. Thank you for the positivity you spread throughout the house & the leadership that you've shown all of us. Last but not least, Ms Rogers, thank you for taking on the role to support all of us. You are the heart of Allard & we feel immense respect & love for you.

Mermaids, continue to Live, Laugh & Lard On.

ELLIS

The boys of Ellis have, yet again, had an outstanding year. Almost half the house was new in September, but they quickly settled in. They joined a family led by the duo of Mr Barrett and Mr Wismer, a family that I am so grateful to have been a part of for an amazing four years. The boys were welcomed with the classic trio of speed dating on the turf, barefoot soccer, and the always-memorable “Fun & Games”.

It didn’t take long before I realized that every grade brought something special. Although the 9s are always pushing it on their bedtimes, they bring a youthful energy that makes it hard to stay mad. Despite their rowdiness, you can always count on a good laugh from the 10s. Although sometimes it seems the 11s compete to annoy Prefects, they are a great group who will do a splendid job leading the house next year, and of course, the 12s were doing their best to keep the ship afloat.

Despite the outstanding effort made by the boys, the house would simply falter without the incredible guidance from our house staff. Thank you Mr Cowie - the Ellis lads can always count on a laugh from you on Monday nights. Thank you Mr Skardal for keeping us focused and helping us reach the finish line. Thank you Ms Balbiani, you have truly cemented yourself as the Ellis House mom. Thank you, Mr Luna, for your sagacious presence and your incredible patience. Thank you both Mr Hepburn and Dr Roeth for your commitment to creating a fun and friendly environment for the boys. And finally, thank you Mr Wismer and Mr Barrett; the house would be in shambles without the two of you running the show.

Ellis is more than just a boarding house - it is a brotherhood. I will dearly miss the late-night chats, the in-house breakfasts, always-entertaining Big Bros nights, Saturday burgers, House outings, and Interhouse events, regardless of the result. Ellis has come to mean so much to so many people, me included, and I thank all of you for making this year so memorable. I will miss all of you, and I wish you all the best in your future endeavors. Ellis House, Best House.

HOPE

As I reflect upon this school year, I realize how lucky I am to have been the leader of such a fantastic group of Hopelings. It seems like only a few months ago when I was running around Hope trying to introduce myself to all the new faces at Orientation. Per tradition, we broke the ice with a classic round of painfully awkward speed dating with Privett followed by some more games. Not only that, but we demonstrated our promising Interhouse performance at Fun & Games and Eco-Challenge.

The halls were filled with new students who chaotically raced to be in bed on time when, more often than not, they wouldn't make it. A key point of bonding this year was Airband which proved to, once again, be Hope and Privett's strong suit as we put on unbeatable performances. Shout out to the Hope Juniors for obliterating the competition and carried the Privett boys.

By the time the new students figured out the routine of bedtimes - and fewer defaulters were being given out - it was time for the Polar Bear Swim. This year the Prefects decided to wake up early and gather not only the largest speakers, but also the loudest pots and pans we could find to wake up every room in the house. Along with this, we had many memories that made us, as a house, embody our values.

With this being possibly one of the most unexpected years for Hope House, I am so proud of each and every one of us for creating such an inclusive and kind house culture. Of course, this couldn't have been done without the support and hard work of our Houseparents, Ms. Hedquist and Mr DeSandoli, BFA Myr Pasquale, and the rest of the Hope staff.

For Lily, We have a saying in Hope House, "Never leave a Hopeling behind", and Lily is no exception. Although she may no longer be with us physically, the memories we carry and the memories the walls of Hope House carry, will live on endlessly. Lily will always be remembered in Hope House. She will forever be a Hopeling.

MACKENZIE

Brentwood is a place that immerses you in a frenzy of activity and Mackenzie rose to the challenge with poise. There were nerves at the start, which is normal when adjusting to new settings or moving up years in school. However, guards soon relaxed after people began to embrace the house and everything that comes with it.

Each member of the house amplified the culture of the previous year; the ninth-graders developed an almost immediate sense of camaraderie among themselves; the 10s built an entrenched sense of respect; and the 11s established themselves as seniors and took on a variety of responsibilities as such. In seeing this, I am comfortable entrusting leadership to them for the next year, as they too will enhance and improve on the culture of this year. Finally, Mackenzie's Prefects unified the house by fervently pursuing togetherness and despite having such diverse backgrounds, cultures, and morals, our 24 leaders showed strength, compassion, and composure.

Throughout the year, there were core memories that left Mack's foundation forever changed. The Mack-Ellis Just Dance socials which showcased how little rhythm Ellis had, Saturday nights spent laughing until we're clutching our stomachs, discussing the drama in the foyer that Ms Cheung ultimately becomes privy to, and the tears shed when Ms Nasmith told us she would be moving on from Brentwood, were just a few of them. Every single one of these memories serves to highlight the amity that is intrinsic to Mackenzie House. Though we might not know what day of the week it is or sign-in times, we know that our time here will be treasured for years to come.

This year, like most, started off rocky, and it will finish anything but perfect, but it will have a particular place in the hearts of each Mackenzie resident, especially mine. Glad is unable to express what an honour it was to lead Mackenzie House this year and I commend the house staff and my very own frogs for making it possible.

PRIVETT

Oh, Privett House. The house many great leaders have grown up in, rich in its culture of bad mullets, buzz cuts, and not-so-subtle pranks involving painting and signs. It will forever be a second home to me. It's a house full of the yells of Prefects for juniors to get to prep or to shut up during a house meeting, quiet movie nights after Neuf's gone to bed, and Santi's loving embraces that also happen to be MMA locks. Privett's halls have always been lined with boys that exemplify our values, but this year, more than anything, we've exemplified Brotherhood, togetherness, despite not always sharing much in common. For almost all of us, it's an atmosphere that we can't get enough of.

More than other houses, we're united. Not always in interests, or goals, or senses of humour, or really, anything other than a single agreed fact, a boisterous statement that is heard, even when unsaid: We are Privett, and we are proud. Proud of our manners around adults, proud of our triumphs over Ellis in Interhouse events, but mostly, proud of our bonds with each other. Privett's a home, a place of beginnings and endings, as most homes are: first dates, first shower parties, fails, SNP's, you name it, the boys are the first to know or live it with you. The first to be there for you. It's also, sadly, a place full of endings – the ending of some of the tightest-knit 12s I've ever seen, a hodgepodge, rich and deep group of 11s, a rowdy and loud band of 10s, and the squeaky cute but lovable 9s.

Each year is different, and each of my four years here has been a rollercoaster I am forever grateful for. Every single one of these boys has left their mark on Privett, not only in its physical nature but also in its spirit. Each year, some of us leave, forever changed by bonds that will follow for life, and a confused new generation enters our Blue Halls. But each year, the feeling of Brotherhood and a proud home persists. Thank you, Privett, for being home, in one form or another, for all of us.

ROGERS

This year has been a great example of why the Rogers Pirates always do it best. Ask any Rogers boy and they will give you a flurry of answers as to why this house is so special. Whether it's the zestful antics of Ian Cooper, the substitute of screaming instead of singing for Happy Birthday, or the playful encouragement of our Interhouse Captains Will Heard and Noe Tsang, it is clear to everyone that Rogers is like no other house on campus. Although these quirks do play a part in the functioning of the house, I do not believe they are the backbone.

No, for this honor can only be attributed to two things, the staff, and the Prefects. It is no secret that the staff at Brentwood work hard, but I believe that those in Rogers are especially outstanding. Whether it's the straightforward nature of Mr Snow, the fun-loving attitude of Mr Thompson, the stern British discipline of Mrs Whitney, the willingness to help seen in Mr Prokopchuk, the caring nature of Mr Hernandez, the joking personality of Mr Ross, the sheer wealth of knowledge in Mr Stevens, or the eagerness to learn of our newest member, Mr Calder, it's easy to see the reason why every single Rogers boy is a decent human being.

Finally, I want to give the biggest thanks to my fellow 12s, or more appropriately, my brothers. Whether they were a lifer or new this year, each and every one of the Prefects made a commitment to upholding an amazing standard of excellence in the house. Each 12 had a discernible quirk to them that made every second with them amazing. I'm going to be honest, at the start of the year I was nervous because I had only ever seen the boyish and sometimes immature sides of my fellow Prefects, but when we walk under that big white tent on June 17th to collect our diplomas, I'll have no doubt in my mind that we all did our best and became respectable young men along the way.

And in the words of former House Captain Steven Gaisbichler '22 "ROGERS, ROGERS, ROGERS, ROGERS. I'M 100 PERCENT ROGERS"

WHITTALL

Whittall House. We get each other fired up, but thankfully the house does not. Although the house featured gym rats and rugby players, we somehow managed to create a comfortable place for everyone including gamers, chess players, musicians, simps, and a newcomer, Ms Ramsay.

Ms Ramsay immediately became an integral part of Whittall culture, joking around with kids and supplying food and an air fryer. This caused almost everyone to start cooking more after prep. Unfortunately, we never seemed to learn how to clean up after ourselves, which made Mr. Gage close the kitchen innumerable times. However, that didn't stop my roommate, Mitchell Kuo, who never failed to make ramen or rice in the room.

Thanks to our dedicated Interhouse Captain and my best friend, Davis Pettit, Whittall had an outstanding year. Finally, we might be able to break the curse of third. During the first event, the prefects could see a change: the house was more enthusiastic and motivated than in previous years: we were putting more effort into the events. A monumental event was winning Eco-Challenge, which started off the year on a good note. We did get robbed of first in Airband by Privett-Hope - but that is unimportant.

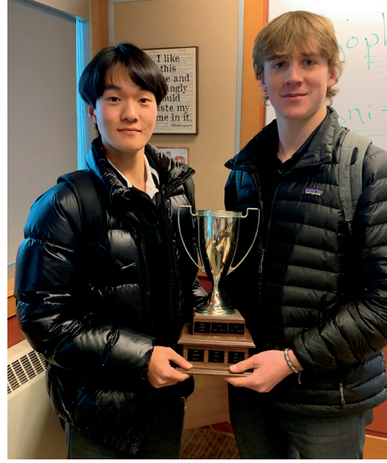

No matter how amazing the year went, no one truly listened to us when we asked them to go to bed on time, but I will still miss every single one of you. Grade 9s, just because you are already bigger than me doesn't mean you are going to have a girlfriend next year. Focus on academics. Grade 10s, you guys are no longer juniors and will live downstairs together - don't let the freedom make you lack. Grade 11s, no comment on you guys – just kidding. I'd recommend you to go to bed early otherwise Mr Gage will come to your room almost every night and beg you: "GO TO BED". Fellow Grade 12s, we've almost made it, and within 24 hours you are free. Enjoy your life.

'Thank you' isn't enough to express my gratitude to everyone in Whittall House.
